Working with Nihongo Dera! First, select a japanese text

Go to https://nihongodera.com/tools/text-analyzer

Paste your text, and click Analyze, Include in results: Word only

Then Scroll down the Analyzer Results and copy only what's below the "Words" section

Then go to the Excel worksheet provided and press "Ctrl-W"! Ready!

If you see a word you already know, press Ctrl-E on that word, and the word will go from the "Words" sheet to the "Known" sheet.
